

Shopping Centers

One Call One price- We feel it is important that we make our services simple and our pricing simple and competitive at the same time.

We work while you sleep - That's right TMAC Pressure Washing works at night so that your centers are bright, beautiful, clean and ready for business the next day. All of our rigs have on board lighting so there is no need to mess with timers at your centers just for us!

We carry the best and most complete insurance coverage available. No simple little "Million Dollar Liability" Like most vendors, we are covered for any accident to person, damage to property, adjacent structures not on property as well are covered and our coverage are per project not limited to a fixed amount. In addition we also carry a 2 million dollar umbrella policy as well that covers over and above these limits, so that you are worry free. No need to take a risk with your business as well as ours. Also all of our vehicles are insured up to one million dollars in liability as well. Workers Comp is provided on all of our technicians. Why do we do so much because your business, customers and livelihood are just as important to us as our own.

We can handle the largest of projects in a short amount of time and can do 10 or more centers in a week and we are not limited to a small area, TMAC Pressure Washing can handle your centers.

What we do for your Shopping Center
